PREPARING FOR YOUR STYLE

- 1.If your hair is damaged, these protective styles are not for you.
- 2.Come with your hair clean, moisturized, blown out with a hair dryer, and detangled for a smooth finish. I highly recommend split ends to be trimmed or there will be a \$20 fee, due to that it takes longer to tuck split ends.
- 3.I do not wash or trim ends before your style. Be sure to find a natural hair stylist you can trust to help you prepare for your protective style if needed.
- 4.Please do not use any products on your scalp or edges after cleansing and pre-stretching your hair. I will moisturize your hair for you.
- 5.Please do not come with straight, flat iron, or relaxed hair. Your hair must have texture. These protective styles works best for 3c-4c hair type.
- 6.If you do not come prepared for your appointment, your appointment can be canceled and no refund will be issued. If I do decide to take you, you will be charged an extra fee(s).
- 7.If you have any allergen to synthetic hair, please add on the "Detoxifying Tonic Cleanse" to prevent an allergic reaction.
